

DISASTER MANAGEMENT PLAN

2019-20

PASCHIM BARDHAMAN DISTRICT

CONTENTS

Chapter 1:	Introduction: Aim, Objectives, Stakeholders their responsibilities, evaluation of last DDMP (procedure & methodologies)
Chapter 2:	Hazard, Vulnerability, Capacity & Risk Assessment (HVCA): Block wise Vulnerability, Socio-economic profile. Tool Techniques & methodology used for HVCRA, Risk Assessment, Dam Safety, List of Chemical Hubs, List Of LPG, List of Petrol Pumps, List of oil Terminals, Existing Status of Relief Godown.
Chapter 3:	Institutional Arrangements for Disaster Management (DM): GP, Block, municipalities and community level DM structure, IRS, EOC set-up, Accommodation of Guest House/Rest house.
Chapter 4:	Prevention and Mitigation Measures
Chapter 5:	Preparedness Measures, Early warning, QRT, Operation of EOC, GIS based data, mock drill Community preparedness, SOP for Railway Accident etc.
Chapter 6:	Capacity Building & Training Measures: Approach, Annual training plan & budget
Chapter 7:	Response and Relief Measures
Chapter 8:	Reconstruction, Rehabilitation and Recovery Measures
Chapter 9:	Financial Resources for implementation of DDMP state budget, mitigation fund, risk insurance
Chapter 10:	Procedure and methodology for monitoring, evaluation, updation and maintenance of DDMP
Chapter 11:	Coordination Mechanism for implementation of DDMP
Chapter 12:	Standard Operating Procedures (SOPs) and Check list
Chapter 13:	Plans from Line Department.
Chapter 14	List of Events where Large Crowds Gather
Chapter 15	Summarize Crisis Management Plan of KNI Airport, Andal

Chapter-1

Introduction

The rocky undulating topography with laterite soil found in Paschim Bardhaman district is a sort of extension of the Chota Nagpur plateau. For ages the area was heavily forested and infested with plunderers and murderers. The discovery of coal in the 18th century led to industrialization. Most of the forests in the coal-bearing areas have been cleared but some areas in the eastern part of the district remained thickly forested till recent times.

Aim:

This plan is being prepared with the aim to identify the vulnerable areas which are mainly affected by various hazards common in this area, stock-taking of existing infrastructural facilities, need-assessment through auditing and overhauling for strengthening them where ever necessary and recommendation for necessary mitigation programme, taking experience from past events and creation of awareness amongst the people's representatives and Government employees in particular and also the common people in general through community awareness programme as a part of capacity building. This plan may guide all of us to help people in distress. The plan has been prepared classifying disaster in three parts: 1) Pre-disaster (Mitigation Management & Preparedness), 2) During disaster (Crisis Management/ Response Mechanism), 3) Post-disaster (Rehabilitation, Reconstruction & Recovery).

Objective:

To minimize the effect of natural or man-made calamity and save the life and property of the common people. Need for creativity, flexibility and multiple partnerships and clarity of roles are crucial for implementation of this programme.

The crux of the objective focuses on:

- Minimize the risk for human lives by means of an effective and efficient intervention;
- Protection of environment
- Protection of public property and public safety
- Initiate early and efficient response through proper utilization of all available resources.

Organization and assignment of responsibility

- In Sub-division, the Sub-Divisional Magistrate, in Municipal Corporation the Commissioner & Blocks in rural areas, Block Development Officers have the overall responsibility to mobilize the Cells and also to communicate / co-ordinate with various line departments to combat the disaster.

- **Responsibilities of Line Departments:**

SI	Department	Responsible Officer	Responsibility
1.	PWD (Roads)	EE, PWD (Roads)	Overhauling and maintenance of major road connectivities so that essential supply-lines are not hampered, deployment of departmental personnel as a part of crisis management during disaster
2.	PWD(Cons.)	EE, PWD(Cons.)	Health check-up and maintenance of bridges and other public properties under their control. Accordingly necessary NOC specially for construction of Relief Godown / Flood/ Cyclone Shelter so that constructions are completed within the time frame and become usable during disaster. Deployment of departmental personnel as a part of crisis management during disaster
3	Irrigation	EE (Irrigation), DHW	Maintenance of reservoirs, canals and embankments. Control Room operations during monsoon period for daily flood report including DL/EDL of rivers, dissemination of prior information regarding discharge of water from reservoir in order to usher early evacuation from areas likely to be affected, etc. Deployment of departmental personnel as a part of crisis management during disaster.
4	Agriculture	ADA(Admin)	Dissemination of regular rainfall report during monsoon, mouza-wise assessment of damage of crops, if any, during flood / drought, Deployment of departmental personnel as a part of crisis management during flood/drought/hailstorm/ pest- attack/ bio-chemical hazards etc., taking rehabilitation programme for affected farmers during post-disaster period.
5	ARD	Asst. Dir, ARD	Vaccination programme of live-stock, procurement of life-saving medicines, straw & concentrate in advance, construction of cattle shed during disaster, post-disaster rehabilitation programme.
6	Food & Supplies	SC(F&S)	Taking necessary action so that a rolling reserve of dry food is available in market and Ration items / Kerosene Oil is available at dealers' point. Deployment of departmental personnel as a part of crises management during disaster.

7	Health & Family Welfare	ACMOH	Procurement of live-saving drugs, Anti-venom doses in advance, field level deployment plan for QRT of health personnel in order to curb the spread of any communicable disease during disaster.
8	ICDS	DPO & CDPO(s)	Deployment of ICDS Supervisors/Anganwadi workers/helpers in disaster prone areas for looking after primary health care, nutrition of children and assistance in sanitization programme taken-up by H&FW Dept.
9	PHE	EE (PHE)	Ensure supply of safe drinking water, sanitization and maintenance of sources and supply lines of drinking water, during and post-disaster. Notify field level deployment during disaster.
10	Police	DCP(East), ADPC	Maintenance of Law & Order during and post-disaster, Help in Search & Rescue operations.
11	Fire & Emergency Dept.	Div. Fire Officer / OC Fire	Regular overhauling of Fire- Tenders, conducting emergency mock-drill and involvement in joint Search & Rescue operations.
12	School Edu. Dept.	ADI	Letting school buildings for temporary shelters for victims of disaster, if required, in disaster prone areas.
13	Fishery	ADF	Extending rehabilitation to fishermen/ fish-farmers affected by disaster.
14	WBSEDCL	Div. Manager	Deployment of departmental personnel with logistics at field level for maintenance of power supply especially in disaster hit areas.
15	BSNL	GMT	Plan for covering mobile shadow zone, deployment of departmental personnel with logistics at field level for maintenance of tele-communication in disaster hit areas.

During an emergency or disaster, the District Administration takes immediate and appropriate actions to determine mobilize and coordinate resource needs. But the Local Self govt. also has the responsibility to take immediate action.

Many of the potential risks, whenever possible, should be preceded by a period of increased alertness, giving public officials time to take preventive, precautionary or protective measures to reduce loss of life and minimize damages.

Chapter 2

HAZARD, VULNERABILITY, CAPACITY & RISK ASSESSMENT (HVCRA)

A. Block and Corporation wise Vulnerability Analysis

1	2	3	4	5	6	7	8	9	10
Name of Block/ Municipality	If prone to flood mention number of people in vulnerable Zone	If vulnerable to cyclone mention number of people likely to be affected in case of cyclone	If vulnerable Tsunami mention number of people likely to be affected in case of Tsunami	If vulnerable to landslide, mention number of people likely to be affected	If vulnerable to chemical disaster mention number of people likely to be affected	people likely to be affected by other disaster, if any (mention disaster and number of people)	Total number of people given in columns 2 to 7	Earthquake vulnerable Zone	Property ranking as per vulnerability to multiple disasters
Andal	Number of peoples in the vulnerable zone like Srirampur - 120 , Madanpur- 200, Babuisol- 150 and Ramprasadpur GPs – 200 approximatly 670	N.A	N.A	N.A	N.A	1. Land Subsidence in the area of ECL Pit occur time to time and mitigation measure taken by the ECL authority. Chanchani Coalinery and Madhapur Coalinery, there are nearing 200+540 =740 peoples who may suffer. (2) Due to drought partly in three GPs Ukhra, Khandra, Kajora, Number of more than 12000 peoples affected every year .Measure of supplying drinking water through tanker to be taken.	Approximately 13410	Zone 3	1. Flood Like Situation 2. Drought.
Pandaveswar	Number of peoples in the vulnerable zone like Gobindpur - 102, Konda- 124, Metal Dhowrah-42 approximatly 268	N.A	N.A	N.A	N.A	1) Land subsidence in the area of ECL pit occur time to time. Mitigation mesures taken by the ECL authority with the help of Block administration. In vulnerable area- i) Dannya- 975 ii) Bangal basti - 350 iii) Sonabandhi 105 iv) DVC Para 150 (Appx) 2) More than 10,000 of peoples may be affected during the time of drought under Pandaveswar Dev. Block Mitigation measures taken by the ECL and Block Administration by means of supply of drinking water.	Approximately 11848 population	Zone 3	1. Land Subsidence 2. Flood Like Situation 3. Drought

Kanksa	Number of peoples may be affected in Shilampur - 1115, Amlajora - 829, Shibpur Mouza - 3205 approximatly 5149	N.A	N.A	N.A	N.A	In Summer season scarcity of Drinking Water is occurred in different places of this block area	Approximately 5149	Zone 3	1. Flood Like Situation 2. Drought
Durgapur- Faridpur	Number of peoples may be affected in Gogla- 175, Natun Danga- 190, Pansuili – 150, Gourbazar- 220 Srikrishnopur- 200 approximatly 935	N.A	N.A	N.A	N.A	In Summer season scarcity of Drinking Water is occurred in different places of this block area near about 12000 peoples may be affected.	Approximately 12935	Zone 3	1. Flood Like Situation 2. Drought.
Raniganj	Number of peoples may be affected due to flood like situation at Nupur and Ballavpur in Raniganj Block near about 500 peoples	N.A	N.A	N.A	N.A	1) Number of families 250 may be affected due to subsidence at Ratibati/ Nimcha ECL Area 2) Number of peoples 2000 may be affected by Drought like situation during summer season at Jemari/Tirat/Ratibati area	Approximately 2750 Nos	Zone-3	1. Land Subsidence 2. Flood Like Situation 3. Drought
Salanpur	Number of peoples may be affected due to Heavy Rain /flood like situation at Bathanbari- 280 Sidhabari- 220 Brindabani- 200, Kalipathar- 450 approximatly 935	N.A	N.A	N.A	Due to chemical hazard peoples may be affected at Dendua- 170 Salanpur- 150	In Summer season scarcity of Drinking Water is occurred in different places of this block area near about 11180 peoples may be affected.	Approximately 12650	N.A	1. Flood Like Situation 2. Drought. 3. Industrial Disaster
Barabani	Number of peoples may be affected due to Heavy Rain /flood like situation at Roshna-700, Putulia- 400, Parulberia- 500, Amulia- 90, approximatly 1690	N.A	N.A	N.A	N.A	In Summer season scarcity of Drinking Water is occurred in different places of this block area near about 7000 peoples may be affected.	Approximately 8690	Zone 3	1. Flood Like Situation 2. Drought

Jamuria	Number of peoples may be affected due to Heavy Rain /flood like situation at Sidhapur-1200, Darbardanda-600 approximately 1800	N.A	N.A	N.A	N.A	1. Land Subsidence due to coal mines at Kenda Gram Panchayat area near about 300 peoples were to be shifted to local Schools for 7 days 2) In Summer season scarcity of Drinking Water is occurred in different places of this block area near about 10000 peoples may be affected.	12100	Zone 3	1. Flood Like Situation 3. Drought. 3. Land Subsidence
Durgapur M.C	Number of peoples may be affected due to Heavy Rain /flood like situation 2100 at Ward no. 13,14,33,34, 36,37,38,39, 41,43	N.A	N.A	N.A	N.A	In Summer season scarcity of Drinking Water is occurred in different places of this Municipal area	2100	Zone 3	1.Flood Like Situation 2. Drought
Asansol M.C	Number of peoples may be affected due to Heavy Rain /flood like situation 2800 at Ward No. 41,27,88,90, 79,08,09,32,19,70.	N.A	N.A	N.A	N.A	In Summer season scarcity of Drinking Water is occurred in different places of this Municipal area	2900	Zone 3	1. Flood Like Situation 2. Drought

B. Socio economic profile

Geographical Features

- Geographical Location

Latitude		Longitude	
North	South	East	West
23° 53' N	22° 56' N	88° 25' E	86° 48' E

- Area (Census 2011) 7024.00 Sq. Km
- Annual Rainfall (as on 2016) 1220 mm
- Temperature (as on 2016) Maximum 43° C
Minimum 8° C

Administrative Setup (as on 2018)

- No. of Subdivisions 2
- No. of CD Blocks / Panchayat Samities 8
- No. of Police Stations 29
- No. of Gram Panchayats 62
- No. of Mouzas 642
- No. of Municipalities / Municipal Corporations 0 / 2

Demographic Features (2011 Census)

- Population: 77,17,563 (Male 51.40%, Female 48.60%) (Rural 60.11% Urban 39.89%)

- Sex Ratio (Per 1000 Male): 945
- Scheduled Caste Population: 21,15,719 (Male 51.02% Female 48.98%)
- Scheduled Tribe Population: 4,89,447 (Male 49.77% Female 50.23%)
- Literacy Rate: 76.21% (Male 82.42%, Female 69.63%)
- Religion wise Population

Religion	Population	Percentage to total population
Hindu	6008472	77.86
Muslim	1599764	20.73
Christian	21220	0.27
Sikh	16675	0.22
Buddhist	1602	0.02
Jain	1674	0.02
Others	44968	0.58
Religion not stated	23188	0.30

❖ **District Domestic Product (DDP) and Per Capita Income [2013-14 at base 2004-05]**

- DDP (Current Price) (Rs. in Crore) : 75706.51
- DDP (Constant Price) (Rs. in Crore) : 38923.07
- Per Capita Income (Current Price) (Rs.) : 81606.81
- Per Capita Income (Constant Price) (Rs.) : 40634.07

❖ **Work Force Participation (in Per cent) (as per Census 2011)**

- Total Worker: 37.72% (Main 28.07%, Marginal 9.65%)

❖ **Educational Facilities**

Type of Institution	No. of Institution	Enrolment
School (as on 2017-18)	1321	3,69,706
College (as on 2013-14)	22	12,526
University (as on 2016-17)	1	778

❖ **Agriculture & Land**

- Area Irrigated (Thousand Hectare) (as on 2013-14) : 5664.3
- Net Area sown (Thousand Hectare) (as on 2015-16) : 47.123
- Area under Forest (Thousand Hectare) (as on 2015-16) : 12.195
- Production of Primary Crops (Tonnes) (as on 2015-16)
 - Total Food Grains (Cereals & Pulses) : 2,03,174
 - Fruits (2017-18) : 6,452 MT
 - Vegetable : 91091
 - Spice : 468 MT
 - Oilseed : 703

❖ **Basic Amenities**

- Electricity
 - Domestic Consumption (Thousand KWH, April,17 to March'18) : 4,09,030
 - Villages Electrified (as on 31st March 2018): 330 (100% of inhabited villages)

- Roads & Transport Facilities
 - Length of total Surfaced road under Asansol Highway Division, P.W (Roads) Dte. – 364 Km
 - No. of Registered Motor Vehicles (as on 31/03/2018) : 3,39,581
- Rural Population covered by main source of drinking water (as on 12/04/2018): 63.56 %
- No. of Fair Price Shops (as on 31st March, 2018): 692 (including Statutory & Modified Ration Shop)

❖ Distribution of Workers According to Activity

SL	Name of the Block	Persons/ Male/ Female	Total Population	Total Workers	Cultivators	Agricultural Labours	House Hold Industry Workers	Other Workers
1	Salanpur	Male	83796	43302	1842	2441	850	38169

In case of disaster like cyclone, Earthquake etc. all places may be affected. In that case an evacuation plan made by the local authority is kept on their own custody. In summer season some pockets of entire District is suffered due to scarcity of Drinking Water. In that case local administration supply them drinking water through water tanker.

❖ Risk assessment

Prevention and Mitigation Measures

District level Disaster Management meeting with Sub-Divisional Officers, Block Development Officers and Line Departmental officer is to be held regularly. As per discussion with them the following problems and mitigation plan has been activated.

	Steps taken for Prevention and mitigation
Health	<ul style="list-style-type: none">• Storing of Medicines and equipments in flood prone areas.• Stocking of essential medicines in vulnerable areas of the districts• Health emergency plans and requirement of ORS bleaching powder and anti-venom of snake bites..• Setting up of temporary hospital in case of necessity.• Sanitation of the affected areas and of the relief centers.• Inoculation, Vaccination and Health care
PWD	<ul style="list-style-type: none">• Protective measures for maintenance of road communication bridges, culverts etc. to facilitate transport of vehicles and particularly of food grains and relief materials, provision for railway bridges.• Arrangements including stock of materials for necessary repairs on emergency basis when and where necessary.
PHE	<ul style="list-style-type: none">• Supply of Drinking water, where necessary.• Sinking/re-sinking of tube wells in high land/rescue centers, on emergency basis.• Arrangements including stock of materials for emergency supply of water. Installation of special pumping stations to combat flood situations.
ARD	<ul style="list-style-type: none">• Storage of fodder and other cattle food and preventive measures for cattle health.• Supply of fodder in times of need.• Development of veterinary personnel where necessary.
Agriculture	<ul style="list-style-type: none">• Storing of seedlings, seeds minikits, fertilizers, insecticides implements and other agricultural inputs for making them readily available to the affected cultivators under loan/grant raising alternative corps.• Raising of seed beds and to keep them in stock to the places prone to disasters.• Introduction of new seeds storage bank scheme.• Drawing up of a contingency action plan for the purpose.
Education	<ul style="list-style-type: none">• Providing emergency shelter in Educational Institutions.
WBSEDCL	<ul style="list-style-type: none">• Restoring the overhead lines and towers on emergency basis for smooth power supply during flood and cyclone.• Maintenance of steady supply of electricity in the affected areas and in lives of the people of the affected area from electrocution.• Mass awareness for not touching the snapped electric wires.• Stock of materials for emergency.
Food & Supplies	<ul style="list-style-type: none">• Building of flood reserve of food grains and other essential commodities in advance in the M.R. shops rice mills, chira mills, baby food wholesalers.• Storage of K.Oil during flood season.• Supply of food grains and other essential commodities in actual time of need.

Chapter 5

Preparedness measures

Paschim Bardhaman district is not flood prone area but it is a vulnerable area in respect of a good number of industries like IISCO, DSP, IOC sponge iron and other allied industries as well as various abounded coal mines like ECL are situated here as a result Various type of hazards and incident mostly drowning are occurred time to time.

The Disaster Management and Civil Defence section of this district taking steps of preparedness measures to overcome the problems. Whenever this office received any message related to weather bulletin or any red alert message this office sends the message through E-mail or Telephone to the SDOs, Secretary Municipal corporations and BDOs for taking necessary steps to alert the stakeholder.

It is also stated that this District has a existing civil defence section for a long time, number of civil defence volunteers and QRT members are provided their services time to time during natural calamity like cyclone, flood etc.

When the department of Disaster Management issued a letter for formation of EOC in every district this district headquarter had started emergency operation centre running in 24X7X365 from 16th June 2018 with an existing strength of Civil Defence staff and Civil Defence volunteers those who are trained as QRT (Quick Response Training). In the EOC 02 (Two) Men are always present in every shift. The EOC receives the message from every corner and take action if possible or transmit the message to respective concern for further course of action. The existing 02 (Two) vehicles, 01 (One) civil defence Van and another Ambulance vehicle with driver and khalasi are always ready to provide their service as well as 01 (One) speed boat is received this section from the Department and Divers training is already made to meet up the drowning cases. Sr. staff officer civil defence is also look after the EOC matter time to time for betterment of EOC on District level.

The EOC control room number 0341-2253650 and name of volunteers those are engaged in EOC and QRT are mentioned below:-

Civil Defence Volunteer Engaged as Emergency Operation Centre

SOP for Railway Accident

It has to be noticed that normally the following classes of Train Accident will be made in Indian Railways like collation, Derailment, Fire in Train and level crossing resulting loss of human life and damage of properties etc.

The Indian railways are fully geared to undertake the work of rescue and relief of passengers and restoration of traffic in the event of an unfortunate accident to a passenger train. But the railways action or services are not sufficient to meet up the problems. As a result they required various types of assistance from the civil administration. After receiving the information from the railway concerned this section convey the message to the member of Incident Response Team (operation Section).

- 1. Police Concerned:** - To depute the police force to ease rescue work and to avoid chaos at accident site maintain Law & Order duty.
- 2. Chief Medical officer of Health:** - Request to provide medical assistance like Ambulance Services to sent injured persons to nearby Hospital /nursing home.
- 3. O/C Fire Bridge:** - In case of Fire in Train they provided there services for extinguishing the fire and save the Human life and Properties.
- 4. Civil Defence:-** The Civil Defence QRT members attended the accident site with their equipments for rescue the victims.
- 5. SDRF Force:-** Also inform the SDRF Force for search & Rescue Operation.
- 6. P.H.E:-** They provide sufficient drinking water for the victims.
- 7. Civil Administrative Officer:-** Taking action and to expedite clearance certificate in the event of a rail accident, so that normal traffic can be restored without avoidable delay. They also perform the duty of identification of next of kin of railway victims with the help of railway department.
Emergency Telephone numbers of Railway are mentioned below to overcome the railway accident smoothly

The role of the member of Incident Response Team (Operation) in District Level is so vital as the entire Administrative Officer as well as Officer of the Line Department has been tagged in this team as a result their ample assistance to survive any type of accident or Disaster in the District Level.

Chapter 6
Capacity Building and Training Measures

SL	Tentative month of Training	Type of Training	Estimate of the training cost
1	April, May & June	Mock Drill, Awareness, Fire Fighting, School Safety	@ Two training per Block, Corporation total 20 no. of training will be required. Tentative estimate (Rs. 10,000 X 20) = Rs. 2,00,000/-
2	October, November & December	Chemical Hazard, Drowning, Mock Drill, Awareness	@ Two training per Block, Corporation total 20 no. of training will be required. Tentative estimate (Rs. 15,000 X 20) = Rs. 3,00,000/-

Chapter 7
Response and Relief Measures

SL	Relief Operation - Response				
	Departments	preparedness	Pre (after warning)	During Disaster	Post Disaster
1	District Administration	Considering the gravity situation the Collector shall convene the district level natural calamity meeting when ever required.	Meeting with district level officials at head quarter and chock out emergency plan with vulnerable areas and resource list/ arrange food and other basic requirement for emergency response/collect information from different areas and to act accordingly	Regular collection of situation report of the risk and vulnerable areas from the officers assign for the purpose /provision for administering emergent relief and the other basic needs.	Helping the evacuees for returning to their houses Immediate arrangement of free kitchen in the cut off and inaccessible areas/Repair/Restoration of roads/monitoring of relief distribution/provision of drinking water.
2	Block Administration	Control room always alert and staff available for natural calamities	Control room always alert and staff available for natural calamities	Relief operation smoothly as per effected area for natural calamities.	Relief operation smoothly as per effected area for natural calamities.
3	CMOH	Stock Position of life saving drugs, ORS, IV fluids and other equipment. Distribution of ORS Halogen to field areas. Awareness through propagation of healthy practices during the disaster time.	Sufficient stock to be procured and distributed Making, Drum beating etc. Control rooms CMOH office, Paschim Bardhaman DDMO/SDDMO.	Sufficient stock to be procured and distributed Making, Drum beating etc. Control rooms CMOH office, Paschim Bardhaman SDMO/BMOH	Sufficient stock to be procured and distributed/Dist RRT and Sub-Divisional RRT is formed /miking drum beating etc./preventive measures to be done/Coordinating with other department to be done.
4	PWD	Communication establishment with district and block control rooms and departmental offices within the division.	Always alert and staff available for natural calamities/All staff informed about the disasters, likely damages and effects.	Inspection and emergency repair for roads/road bridges /underwater inspection /piers/concrete and steel work.	Community assistance mobilized for road clearing/Clearance for blocked roads/route strategy for evacuation and relief marked.
5	PHE	Sanitation and water supply available in the all vulnerable block areas. Deep tube well/Shallow tube well/Katcha well and RCC well.	Sanitation and water supply available in the all block areas. Namely mark deep tube well/ shallow tube well / Katcha well and RCC well.	Sanitation and water supply available in the all vulnerable block areas. Deep tube well/Shallow tube well/Katcha well and RCC well.	Available

N.B- A list of Civil Volunteers and evacuation plan of each block is kept at their own custody.

Chapter 8

Reconstruction, Rehabilitation and Recovery Measures:

During the post disaster period measures for reconstruction of damaged structures, rehabilitation of the affected people and restoration of normal services are essential. CA-II report is furnished during disaster. In addition, necessary reports from line departments are collected regarding the damage public utilities in order to incorporate the same in CA-II report and then the complete CA-II report is sent to the DM & CD Department for kind appraisal of the Authority concerned.

Ex-Gratia Grant (NC) and Ex-Gratia Grant (Snake-bite etc.) , House building grant (NC/ Accidental fire) , Economic Rehabilitation Grant are also provided to the bereaved / affected families for their sustenance subject to the approval of proposals by the appropriate authority concerned.

Chapter 9

Financial resources for implementation of DDMP

State budget, Mitigation budget, Risk insurance

Considering the gravity of damage due to natural calamity necessary requirement of fund will be sent to Disaster Management & Civil Defence Department.

Chapter 10

Procedure and mythology for monitoring, evaluation ,updatation and maintenance of DDMP :

EOC already set up.

Meeting in regular interval is held with the concerned departmental officials. If any change is required in Disaster Management Plan is to be incorporated in the Plan.

Chapter 12
Standard Operating Procedure and Checklist

SEARCH & RESCUE	Search and Rescue operations are one of the primary activities taken up in a post disaster situation. The promptness in these operations can make a remarkable difference in the amount of loss of life and property and will include removal of trapped and injured persons from buildings collapses and other structural collapses, administering first aid, and assisting in transporting the seriously injured to medical facilities. This activity involves the use of professional and volunteer search teams including the use of dog teams.
EVACUATION	The ESF on evacuation is primarily responsible for establishing evacuation plans, identification of fastest evacuation routes and alternate routes and coordinating evacuation logistics during field operations.
EMERGENCY MEDICAL SERVICES AND PUBLIC HEALTH	The ESF on Emergency Medical Services and Public Health Counseling will look after emergency treatment for the injured people immediately after the disaster take place.
DEBRIS CLEARANCE & EQUIPMENT SUPPORT	The importance of this ESF emanates from the fact that most large-scale disasters such as earthquakes, cyclones, floods primarily affect the building structures. The ESF would involve in identification, removal, and disposal of rubble, wreckage, and other material which block or hamper the performance of emergency response functions and procure needed equipments from support agencies using IDRN; is a high priority action.
PUBLIC WORKS AND ENGINEERING	The ESF would include the identification of critical infrastructure problems, shortcomings and damages, and the mobilization and coordination of Quick Response Teams (QRTs) to fix and improve them.
UTILITIES RESTORATION	There may be a need of supplying water for firefighting operation. There may be a need for drinking purpose. Rehabilitation site might be requiring temporary/mobile toilets. There may be need to ensure clean environment.

Administrative Map District-Paschim Bardhaman

Chapter- 13

❖ Data Regarding Line Department Officers

A. Health Department

1. Chief Medical Officer of Health -
In Paschim Bardhaman district there are –

2. District Hospital – 1 (Asansol District Hospital) – 750 bedded hospital
3. Sub-divisional Hospital – 1 (Durgapur SD Hospital) – 338 bedded hospital
4. Rural Hospital – 1 (Ballavpur RH) – 50 bedded hospital
5. BPHC – 8 (Salanpur, Barabani, Akalpur, Bahadurpur, Raniganj, Durgapur-Faridpur, Khandra-Ukhra & Panagarh) – 30-50 bedded hospital

Control Room –

The office of the Superintendent should act as the control and should have good communication

A. Agriculture Department

Agriculture Profile of Paschim Bardhaman District.

No. of Agricultural Blocks: 12

Cultivable Area (in ha): 75390

Soil Type: Soil in the district - (i) Lateritic & Gravelly Soil - It is found in the Western part of the district starting from Kanksa onwards which is highly porous poor in organic matter content and acidic in nature.

The district comprises of the Agricultural Subdivisions namely Durgapur Subdivision.

The major crops grown in the District are Aman, mustard, wheat lentil, maize & boro paddy. In addition, other pulses, sesame, potato, sugarcane & Vegetables etc.

Planning may be adopted for the mitigation of vulnerability due to Drought Flood

In case of Drought

Condition	Suggested measures
Early Season	a) Direct seeding by Drum seeder b) Paddy sowing by Zero Tillage Machine c) Adopt SRI method of cultivation d) Transplant 3-4 seedlings/hil e)) Distribution of Agril. Inputs to the affected farmers. f) Crop Insurance
Drought Mid Season Drought	a) Rain water harvesting structures & watershed development projects should be developed. Maximum use of available water (surface underground) with the help of Pump sets and water lifts b) SRI method of Paddy cultivation c) Cultivation of drought resistant crops & varieties. d) Maximum use of organic manure to enhance water holding capacity. e) Distribution of Agril Inputs to the affected farmers. f) Crop Insurance
Late Season Drought	a) Rain water harvesting structures watershed development projects should be developed. Maximum use of available water (surface & underground) with the help of Pump sets and water lifts b) Life saving Irrigation with high HP Pump machines c) Plan for early Rabi Crops like oilseeds, pulses, vegetables d) Cultivation of drought resistant crops & varieties. e) Distribution of Agril. Inputs to the affected farmers f f) Crop Insurance

In case of Flood

Condition	Suggested measures
Early Season Flood	a) Drainage system should be developed properly b) Re-transplanting of Paddy/direct Seeding of Paddy by Drum Seeder c) Cultivation of Flood resistant varieties Early Season d) Preparation of Paddy Seed-bed in Govt. Farms for emergency situation Flood e) Establishment of Community Nursery f) Use of Nitrogenous fertilizer for boosting up the plants g) Distribution of Agril. Inputs to the affected farmers h) Crop Insurance

Mid Season Flood	a) Drainage of excess water b) Cultivation of Flood resistant varieties c) Distribution of Agril. Inputs to the affected farmers d) Crop Insurance
Late Season Flood	a) Drainage of excess water b) Plan for early rabi crops like oilseeds, pulses, vegetables. c) Cultivation of flood resistant varieties. d) Distribution of Agril. Inputs to the affected farmers e) Crop Insurance

To overcome the adverse effect of Drought

Actions to be taken up by the farmers:

1. For harvesting rain or runoff water, earthen bunds are to be constructed around the individual plot.
2. Application of organic manure to increase the water holding capacity of the soil
3. Staggered sowing of rice seed in seed bed at 10 days interval
4. Cultivation of Sahabhagi variety of paddy may be followed.
5. Closer spacing with higher number of seedlings per hill is to be practised
6. Direct seeding of rice through zero tillage machines
7. Cultivation of Arhar, black gram, groundnut & maize or mixed cropping of maize & arhar in high lands
8. Mechanical weeding in rice field & use the uprooted biomass of weeds as soil mulch or use other mulching materials like straw in rice field.
9. Not to apply Nitrogenous fertilizer in the soil to restrict weed growth. Foliar spray of Urea or DAP @ 1-2 % may be applied at critical growth stages of the crop

Actions taken by the Agriculture Department

1. Joint monitoring by District level officers of the department of Agriculture, Irrigation & Waterways and WRI & D to be done to look into the real situation and to find out the ways for supplying Irrigation water from all Irrigation sources and ensuring it at grass root level in the blocks. All are requested to help like drought like situation in late kharif of 2015-16
2. Water harvesting structures like pond, dug well etc to be excavated for storing rain water by the departments
3. Pump sets may be provided to the farmers from ongoing Departmental Scheme
4. District Manager WBSSC Ltd. Burdwan promised to supply sufficient quantity of seed if required

To overcome the adverse effect of Flood

Actions to be taken up by the farmers

1. Staggered sowing of paddy seed bed at 10 days interval for at least 2500 ha
2. A place of higher elevation to be chosen for raised seed bed.
3. Cultivation of flood tolerant Swaran Sub-I Variety to be followed
4. To reduce the detrimental effect of sand deposition in cultivated land, sufficient organic matter is to be applied
5. Use of drum seeder in case of late sowing.
6. Double transplanting of Paddy will be very much helpful specially after receding flood water during early and mid season flood
7. In case of late transplanting five to six numbers of seeding per hill to be transplanted and basal dose of Nitrogen to be increased.

Responses and Relief Measures District is in a position to make available the following type of requirements:

SL	Men/Material/Services Description/Specification	Qty. In Nos	Qty. in Wt./Vol	Availability Location
1	Manpower	As per need		Up to Block & GP level
2	Services	do		Available from State Govt. & NGO
3	Medicine & Vaccine		As per need and fund Provision	At District Hq
4	Feed & Fodder		As per need and fund Provision	At different Feed Plant of LDC throughout the State specially Durgapur Feed Plant

C. Damodar Head works Division

Contingent Plan of Damodar Head works Division, I & W Dte. for Paschim Bardhaman District during the year 2019

Like previous years this year also a Flood Control Room will be opened in the premises of office of the Executive Engineer, Damodar Head works Division, DVC New Colony, Durgapur-02 for collection of Flood data, Dam release data, rainfall data from different organisation and dissemination the same to Administrative Authority and make available in public domain through Departmental website i.e. www.wbiwd.gov.in

During monsoon season, the personnel of this office are kept on alert to attend the vulnerable spots lose vigil in case of any exigencies arises and palliative works are to be taken up to combat the situation Poly bags, Nylon Crates, Sand etc. will be kept ready at suitable places to take up emergent situation.

All the field level officers have been directed to remain present at their Head Quarter and keep liaison with the local Administration

Comment

1. Condition of Right Bank Ajoy embankment is OK to manage the crisis situation, necessary arrangement has been made/ to be made.
2. Condition of left bank of river Damodar is the upstream of Durgapur Barrage is stable.
3. Drainage channels like Tamla nalla, Kunur are also kept under close supervision. Re-excavation of Tamla nalla from 0.00 to 8.00 Km and 15.60 Km to 27.20 Km is in progress.
4. Erection of new fabricated gate of Durgapur Barrage has been completed and is operational.

D. Public Works Department (Roads)

Assistant Engineer, Asansol Highway Sub-Division, Public Works (Roads) Directorate, Asansol is in charge of the total jurisdiction under this Sub-Division. The total jurisdiction is divided in three sections namely Asansol Highway Section, Haripur Highway Section, and Jamuria Highway Section. There are independent Junior Engineers as in charge for each sections.

In this connection it is stated that to meet up the crisis in case of normal disaster which may cause damages of bridge culverts & roads etc. we always keep ready the precoated stone aggregate, jhama metal, brick bats, empty cement bag filled with sand, bullah, bamboo, drum sheet etc. by which those are managed.

All such expenditure are borned from Department own head.

Details of the team

SI	Name	Designation	Posting Station	Mobile Number	Jurisdiction
1	Parag Garai	Junior Engineer	Asansol	6292123405	Burnpur Samdi Road(FR 19) MDR15.13 K.M
	Asansol Highway Section				Lalganj Gourandi Runakuraghat Road V.R-10.37 Km
					Link Road to Rehabilitation cum convalesent Home at Sidhabari V.R 3.80 Km

Chapter 15

Summarize Disaster Management Plan of Airport under Paschim Bardhaman District

There are two numbers of airports under the Paschim Bardhaman District

Arjan Singh Airbase, Panagarh which is under the Control of Ministry of Defence of Government of India and the information and data of this airport is exclusively secret matter so the data regarding crisis management plan of the second airport i.e. Kazi Nazrul Islam Airport, Andal is given below:-

The summary of crisis Management Plan of Andal Airport

1) Location of airport with longitude and latitude

Durgapur Airport, named as Kazi Nazrul Islam Airport located at Andal Area.

Latitude and Longitude	23° 37' 27.7" N 087° 14' 32.5" E
-------------------------------	---

2) Importance of this airport

Greenfield commercial airport, to cater flight operations for Passengers and cargo, not only for both the districts of Bardhaman but also for adjacent districts Bankura, Birbhum and neighbouring states.

3) Types of Disaster occur in airport:

It is mainly related to aircraft accident/crash while landing or take-off. There could be multiple fatalities/severe injuries of passengers & crew including fires. It may also be dangerous if aircraft crash happens outside the airport especially over populated areas. In addition to these, airport building fires or other threats may create panic/multiple deaths and damage of property of the airport. Details are listed below:-

Aircraft Accidents:

- i) Aircraft Accident on the Airport
- ii) Aircraft Accident off the Airport

Building Fire/ Unlawful Threat

- iii) Building Fires on the Airport
- iv) Bomb threat/Terrorist Attack
- v) Aircraft Hijack Situation

4) The committee formed to this purpose (with Name, Designation, Contact Cumber)

A) Aerodrome Emergency Management Committee:

B) Airport Crisis Management Team

Brief On Aerodrome Emergency Management Committee:

- a) In order to facilitate Emergency Management at Durgapur Airport, an Aerodrome Emergency Management Committee (AEMC) has been constituted with due representation from the Airport and other key support organizations. The prime objectives, responsibilities and basic composition of the AEMC are listed below:

- b) Aerodrome Emergency Management Committee is the empowered committee and the final authority, responsible for taking appropriate decisions from time to time during real-time disasters, on matters related to emergency management operations, addressing print/ electronic media, sharing of information with appropriate agencies, liaison with Govt. and Non Govt. Agencies, seeking specific assistance from various authorities and any other matters pertaining to stabilizing of the emergency.
 - c) The AEMC comprises with the following members who shall meet at the AECC during real-time emergencies.

i) Head Airport Operations	Convener
ii) District Magistrate- Paschim Bardhaman	Chairman
iii) District Disaster Management Authority	Member
iv) ATC In-Charge- AAI	Member
v) Police Commissioner ADPC	Member
vi) Medical Coordinator (Sanaka Hospital)	Member
vii) Station Manager, Affected Airline (s)	Member
 - d) In the absence of the designated Chairpersons, a nominee of the Convener or the first member shall Chair the AEMC meeting.
 - e) Chairperson of a particular AEMC meeting during real-time emergency shall have power to exercise all or any of the powers of the AEMC, irrespective of quorum, but exercise of such powers shall be subject to ex post facto ratification by the AEMC.
 - f) The Head Terminal Operations in consultation with Head Airport Operations shall give secondary alert to all AEMC members, immediately after occurrence of an emergency.
 - g) The first consultation meeting with all AEMC members, in case of an emergency, shall be conducted within thirty (30) minutes of an accident via tele-conferencing, to take stock of the situation and to provide any immediate assistance sought by the On-Scene Commander.
 - h) The first AEMC meeting with its members physically present shall be convened maximum within Sixty (60) minutes of an accident.
- Activation during execution of various mock exercises.

Brief on Airport Crisis Management Team:

The Airport has a “Crisis Management Team” for timely response and to act for necessary management in the event of crisis at airport. This team includes:

- a) Head Airport Operations

- b) Head ARFF and Emergency Services
- c) Chief Airport Security Officer (CASO)
- d) Chief Security Officer, BAPL
- e) Airport Medical Centre
- f) Head Safety
- g) Head Airside Operations
- h) Head Terminal Operations
- i) Head Electrical/Civil Maintenance
- j) Others Departments heading Airports Services and Systems.

5) Some important Contact Num. Andal airport authority (with Name and Phone Number):

Important contacts Nos. are as follows:-

Department/Person	Name	Landline No.	Mobile No.
ATC Tower	Mr Puneet Tirkee	0341- 7180350	9933300606
Head Airport Operations	Mr Apurva sharma	0341- 7180301	8145130301
Head ARFF & ES	Mr Prasen Kumar Das	0341- 7180327	9647376765 / 9051562407
Chief Airport Security Officer (APSU)	Dy. S. P. Mr D J Mukhopadhyay	0341- 7180373	9933307860 / 7797155500
Chief Security Officer (BAPL)	Mr Subhasis Chakraborty	0341- 7180310	8695615583/ 8334967926
Head Safety	Mr Ashok Tiwari	0341- 7180325	9647355772
Head Terminal Operations	Mr Sidhartha Bose	0341- 7180326	9933307863 / 9614186799
Head Airside Operations	Mr Laxman Chaudhari	0341- 7180317	9800893741/ 7076201095
Air India, S M Durgapur	Mr S Lakra	0341- 7180387	9830471114
Airport Medical Centre	Sanaka Hospital, Malandighi	0343- 2700082	9817877877 or 8250363889

- 6) Resources to combat with disaster:-
- a) In case of fire:

Airport has 2 units of Aircraft Crash Fire Tenders (Make: Oshkosh) imported from the USA, for the purpose of aircraft fire fighting and rescue.

b) Hospitals (tagged with the airport):

Sanaka Hospital, Malandighi. In addition this, the Director Health Services & e. o. Secretary, has issued letter to the neighbouring Govt Hospitals & BPHCs for treatment of casualties vide letter No. DHS/Singly/S-70/2013, dated: April 10, 2013.

c) In case of Natural Disasters such as (Flood, Heavy rain, Cyclone):

The natural disasters to which airport are likely to be subjected to are earthquake, flood and storms. Depending on the intensity, such acts of nature may cause severe destruction to the aircraft, airport buildings and installations, and even loss of life. While nothing can be done to avert them, airport emergency plan will be activated to minimize the impact of natural disaster and to expedite restoration of airport operations depending on situation.

7) Types of security arrangement with their contact numbers.

Security in Durgapur Airport is maintained round the clock by Airport Security Unit (APSU) of West Bengal Police as per guidelines /directives of BCAS. APSU handles all security related issues of the Airport such as to carry out security check of passengers before boarding, maintain from watch security watch towers, perimeter patrolling, checking entry of men & material inside the Airport etc. A Police Control Room is manned round the clock for dealing with any security related issues of the Airport. Important contact numbers are:

- i) Sh. Dhruba Jyoti Mukhopadhyay, WBPS
ACP & Chief Airport Security Officer (CASO)- 03417180373, 9933307860.
- ii) Mr Bireshwar, Major APSU- 7001593013
- iii) Police Control Room (APSU)- 03417180375, 9083296662.
