State government is committed to provide different services (procedure and diagnostic) to all patients attending at District Hospitals of the State. To implement this commitment, different services have been categorized as "Essential" and "Desirable" at District Hospital of State depending upon the feasibility, necessity and availability of resources where the service category is defined as follows:

1. "Essential" - Mandatory service to be done at all district hospitals.
2. "Desirable" - Expected service to be provided at specific district hospitals depending upon availability of expert HR and availability of necessary equipment.

The category wise services are hereby enclosed in Annexure-I.

All concerned are hereby informed.

Enclosure: As stated.
