With reference to the above, it is to inform him that missing credit as shown in the column III of G. P. F. Account of an employee cannot be taken into account as the balance at credit of G. P. F. Account of the employee until and unless the office of A. G., W. B., regularizes the amount of missing credit.

Hence, question of withdrawal of money out of GPF as loan taking into account the missing credit as the balance at credit of an employee does not arise. The Treasury Officer is requested to act accordingly.
